#### Part (i): Description of State Accountability System

Part (i)(I) the minimum number of students that the State determines are necessary to be included in each of the subgroups of students for use in the accountability system. The Texas accountability minimum size criteria are 10 assessments or students for the all student group or any subgroup for every indicator.

Part (i)(II) the long-term goals and measurements of interim progress for all students and for each of the subgroups of students (not applicable to district and state report cards).

| State ESSA Goals (Middle Schools) |                 |                     |          |  |                    |  |  |  |  |  |  |
|-----------------------------------|-----------------|---------------------|----------|--|--------------------|--|--|--|--|--|--|
|                                   |                 |                     |          |  |                    |  |  |  |  |  |  |
|                                   | All<br>Students | African<br>American | Hispanic |  | American<br>Indian |  |  |  |  |  |  |
|                                   |                 |                     |          |  |                    |  |  |  |  |  |  |

(bb) the methodology by which the State differentiates all such schools. Total points for each component are determined by multiplying the percentage of evaluated indicators met by the corresponding weight and rounding to one decimal place. The Closing the Gaps domain score is the sum of the total points rounded to the nearest whole number and is further used to differentiate all public schools. See the accountability manual for details. Chapter 4-2023 Closing the Gaps Domain

(cc) the methodology by which the State differentiates a school as consistently underperforming for any subgroup of students. Texas uses the Closing the Gaps domain to identify campuses that have consistently under-performing student groups. A student group that misses the targets in at least the same three indicators, for three consecutive years, is considered 'consistently underperforming'. Any campus not identified for Comprehensive Support and Improvement (CSI) that has at least one consistently underperforming student group is identified for Targeted Support and Improvement (TSI). TSI identifies both Title I and non-Title I campuses. Data from 2019, 2022, and 2023 are considered consecutive years for 2023 TSI identification. See the accountability manual for details. Chapter 10-2023 Identification of Schools for **Improvement** 

(dd) the methodology by which the State identifies a school for comprehensive support and improvement. Texas annually ranks all Title I campuses based on Closing the Gaps scaled scores. First, Texas determines the bottom five percent of Closing the Gaps outcomes by rank ordering the scaled scores of Title I campuses by schooltype - elementary, middle, high school/K-12, and alternative education accountability. Texas then determines which campuses fell in the bottom five percent for each school type. Title I campuses that rank in their school type's bottom five percent are identified for CSI. Any Title I campus identified for Additional Targeted Support (ATS) for three consecutive years will be identified for CSI the following school year.

Part (i)(V) the number and names of all public schools in the State identified by the State for comprehensive support and improvement or implementing targeted support and improvement plans. Campuses Identified for Support under the Every Student Succeeds Act (ESSA) for the 2022-2023 school year: Comprehensive Support and Improvement Schools Targeted Support and Improvement Schools and Additional Targeted Support Schools.

Part (i)(VI) the exit criteria established by the State, including the length of years established. Campuses that do not rank in their school type's bottom five percent of the Closing the Gaps domain for two consecutive years and have Closing the Gaps domain scaled score by the end of the second year that is higher than when originally identified are considered as having successfully exited. Campuses previously identified as CSI based solely on a graduation rate must have a four or six-year federal graduation rate of at least 66.7 percent for two consecutive years to exit CSI status.

#### Part (ii): Student Achievement by Proficiency Level

This section provides information on student achievement on the STAAR (State of Texas Assessments of Academic Readiness) performance for mathematics, reading/ELA, and science by grade level and proficiency level for the 2022-23 school year. These results include all students tested, regardless of whether they were in the accountability subset. (CWD: children with disability; CWOD: children without disability; EL: English learner)

#### Part (vi): Goal Meeting Status

This section provides information on the progress of all students and each student group toward meeting the long-term goals or interim objectives on STAAR academic performance, federal graduation rate, and English learners' language proficiency. (CWD: children with disability; EL: English learner)

Not applicable. In Texas state accountability, no goals or interim objectives have been set at the district / State levels for any indicator for any student group.

<sup>\*</sup> Indicates results are masked due to small numbers to protect student confidentiality.
